

## **Health & Safety precautions at the Alliance Française de Kotte**

In light of the uncertainty due to rapidly evolving pandemic situation, we would like to reassure you that at the Alliance Française de Kotte, we value your health and safety. Hence, we are closely following and implementing guidance from SL government to ensure the continued well-being of all of our community.

We have taken certain measures to protect all our visitors, which we would like to highlight to you.

### **Before you enter the AF premises**

- Wash your hands.
- Hand sanitizers are also available at the venue.
- Visitors must wear masks at all the time during their visit.
- A temperature check will be performed before you enter the premises.

### *Important Notes:*

1. We request you not to come for the appointment if you are unwell or showing symptoms such as fever, cough, respiratory difficulty or other flu-like symptoms.
2. Visitors displaying the above symptoms will not be permitted to access to the premises in the interest of the safety of other visitors and staff.

Thank you for your kind cooperation.  
The Management of Alliance Française de Kotte.
